The ANMF Aged Care Training Room CPD Solution for Registered and Enrolled Nurses

ANMF Aged Care Training Room is an online CPD Solution to assist you to meet all of your registration requirements that relate to the continuing professional development standard for national registration.

“...The information is clear and concise. The assessments are relevant and necessary, to ensure you have understood your chosen topic. I highly recommend the ANMF ACTR to any Nurses who are looking for a convenient and prompt way to continue your CPD, in your own time, at your own pace, with no travel expenses, no seminar fees, just the joining fee, then you begin.” Ms Lisa Baker EN.

The ANMF Aged Care Training Room CPD Solution is available as an annual subscription.

The annual subscription is a tax deductible expense.

All the requirements in an annual subscription

The ANMF Aged Care Training Room CPD Solution includes:

- Automatic enrolment in 20 hours of CPD activity per year
- Option of self enrolment in any of the learning activities
- Online Learning Needs Analysis and Learning Plan
- CPD management to keep you on track
- Option to record other CPD activity so all of your records are in the one place
- Reflection to complete with each learning activity.

The system records all CPD activity (online and other) and provides you with an electronic transcript as evidence for registration or as may be required by your workplace.

How does it work?

All you need is access to a computer with an internet connection and an email address.

- All communication is via email – login details, course enrolments and reminder emails
- The system is as easy as using a mobile phone or ATM
- You can do your CPD at anytime and anywhere
- You will be enrolled in an annual learning plan and have 60 days to complete each learning activity
- Each CPD activity includes an assessment and provides you with additional reading.

The CPD hours allocated to each learning activity are between 2 to 4 hours. You can work through each learning activity at your own pace and close it on any page. When you come back you will be able to continue from the last page or section you were up to.
